Summary

I am ARRT registered in MRI, radiography, and mammography. I graduated from Baptist Hospital School of Radiology and I have over 21 years of MRI experience. My immunizations are up to date and I am CPR certified.

EXPERIENCE

May 1999- Present: Elite Imaging (Formerly known as Signet Diagnostic Imaging Services)

Full-time MRI Technologist. I am currently scanning with the Siemens Verio Ultra High Field 3 Tesla Magnet and the Siemens Espree 1.5 T Magnet. This includes basic and advanced imaging: Breast MRI with dynamic contrast for tumors, and without contrast for implant ruptures, MRA Head, Neck, Chest, MRI/MRA abdomens, MRCP's, MRA Runoffs, start I.V.s and set up power injector machines, run ISTAT machine to check patient's kidney function and perform weekly ACR testing.

May 1999-2009 Orange Park Imaging Center

Full time MRI Technologist. Worked with Hitachi Altaire 0.7Tesla Magnet and Phillips mobile unit. Performed weekly ACR accreditation control test, performed MRI scans of the spine, abdomen, brain, extremities and MRA Brain and Neck. Inject patients with contrast as needed.

September 1997-May 1999 Mandarin Imaging Center

Chief Technologist, MRI Technologist, Radiology Technologist, Mammography Technologist
Performed MRI's on Shimadzu 0.5 Tesla magnet mammograms, and general radiographic procedures.

March 1993-September 1997 Health Images of Orange Park

Full time MRI Technologist, Radiology Technologist. Worked with Toshiba 0.35 Tesla magnet and did general radiographs.

August 1989-March 1993 Orange Park Imaging Center

Radiology Technologist, Mammography Technologist, and general radiographic procedures.

BOARD CERTIFICATIONS

June 1970	Radiologic Technologist (R)
March 1992	Mammography (M)
October 1995	Magnetic Resonance Imaging (MR)
